

CATEGORY SPONSORED BY REMWARE

DreamClear is the gold-standard program that can save providers 50% on home sleep test operational costs. This turnkey program handles it all: device shipment and returns, patient support, AI scoring platform, scoring/interpretation, signoff via cloud portal, and more. This smartphone app records, measures and transmits sleep staging, eye movements, oxygen levels, heart rate, breathing, snoring, EEG, and body position. Increase revenue while providing high-quality care. It's safe, accurate, and easy. More information: (813) 364-2712 or www.DreamClear.com.
